Subject: RE: Area A Wetland Draft Final ROD and other associated Docs.

Aaron & Jim-

DEP has reviewed the Draft Final ROD for Area A Wetland and the Navy's response to DEP's comments on the draft ROD. The navy's response to DEP's comments is acceptable, and all the changes requested by DEP have been incorporated into the draft final ROD. DEP is not requesting any further changes to the Draft Final ROD, and does not plan to offer any further comments regarding this document.

DEP appreciates the opportunity to review this document, and looks forward to working with the Navy and EPA on implementation of the selected remedy.

Please let me know if you have any questions.

Regards,

Mark Lewis

Subject: Area A Wetland Draft Final ROD and other associated Docs.

All,

Attached are the following items for your review:

1. Draft Final ROD for Area A Wetland in tracked change mode based on regulator comments.
2. The revised Table E-1 in tracked change mode.
3. Responses to EPA's comments from their e-mail and CTDEPs comments. Note that only the comments EPA sent in their e-mail were formally responded to. The tracked change version of the ROD serves as a response to EPA's comments within in the ROD.
4. Minutes from the stenographer from the public meeting.

Please call if you have any questions.

Thanks,

Aaron
