Permitting, Enforcement & Remediation Division
79 Elm Street
Hartford Connecticut 06106-5127

Subject: *Rounds 9, 10 & 11 Final Groundwater Monitoring Report for Goss Cove Landfill, Naval Submarine Base, New London, Groton, CT
Round 14 Final Groundwater Monitoring Report for Area A Landfill, Naval Submarine Base, New London, Groton, Connecticut
DVD of Goss Cove box culvert inspection, August 6, 2004, Naval Submarine Base, New London, Groton, Connecticut*

Re: Contract No. N62472-02-D-0810; Task Order No. 0002

Dear Ms. Keckler and Mr. Lewis:

ECC is pleased to submit the final reports for the results for the above mentioned sites for the sampling events in 2004. The final Goss Cove Round 9 monitoring report has already been submitted, but for convenience, it has been added to the CD so that all 2004 quarterly New London reports can be archived together.

Included with the CDs of the New London reports is a DVD of the Goss Cove box culvert video inspection. The video was taken on August 6, 2004 in response to comments from the 2003 inspection. Details of the video inspection will be covered in the 2004 annual inspection report for Goss Cove.

Two CDs with an electronic copy of each report in PDF format are being submitted to U.S. Environmental Protection Agency. One copy CD with an electronic copy of each report in PDF format is being submitted to Connecticut Department of Environmental Protection. Additional copies are being distributed as noted below.

Feel free to contact Mr. Mark Evans of Engineering Field Activity Northeast at 610-595-0567 (ext. 162) or me at 508-229-2270 (ext. 117) if you have any questions.

Sincerely,

Robert J. Tess, P.E.
ECC Project Manager
