Contract Task Order No. 275

Subject: Memorandum-Report For Ecological Inspection of Goss and Mamacoke Coves  
Goss Cove Landfill FS/PRAP/ROD  
Naval Submarine Base New London, Groton, Connecticut

Dear Ms. Keckler:

On behalf of the U.S. Navy, Northern Division Naval Facilities Engineering Command (the Navy), Brown & Root Environmental (B&R Environmental) is submitting to the U.S. Environmental Agency Region I (USEPA) copy of a memorandum-report for the additional ecological inspection of Goss Cove conducted on December 3, 1996 and the ecological inspection of Mamacoke Cove conducted on December 4, 1996.

Copies of the attached memorandum report are also being sent today to Ms. Patti Tyler at USEPA, Ms. Jennifer Hayes at Gannett Fleming, Mr. Mark Lewis at CTDEP, Mr. Tim Prior at USFWS, and Mr. Ken Finkelstein at NOAA.

An opinion as to the adequacy of Mamacoke Cove as a reference site for the ecological evaluation of Goss Cove would be appreciated at your earliest convenience so that work on that portion of the Feasibility Study may proceed.

If you have any questions or comments regarding the attached memorandum-report, please contact Mr. Mark Evans at (610) 595-0567, Ext. 162.

Very truly yours,

Jean-Luc Glorieux, P.E.  
Project Manager
