Re: ABBREVIATED FSP FOR TIME CRITICAL REMOVAL ACTION AT
BUILDING 31, SUBASE NEW LONDON

Dear Mr. Miniuks:

A copy of the Draft Field Sampling Plan for the Time Critical Removal Action at Building 31 was forwarded for your information as an enclosure to my letter dated January 28, 1993. The comments you made in your letter of March 5, 1993 are appreciated, but they were received after the field work was completed and could not be implemented as part of that effort. The initial sampling was done on an accelerated basis due to the nature of the project.

I have reviewed your comments and intend to incorporate those that are appropriate in the Action Memorandum and the Verification Sampling Plan. Your comments will be incorporated as follows:

1. General Comments Attachment A
 - a. Action Memorandum - 1 and 4
 - b. Verification Sampling Plan - 5, 31, and 32
 - c. Not Applicable - 2 and 3
2. Specific Comments Attachment A
 - a. Action Memorandum - 3, 5, 6, 7, 9 and 23
 - b. Verification Sampling Plan - 29, 30, 34 - 40
 - c. Not Applicable - 1, 2, 4, 8, 10 - 22, 24, 25, and 26
 - d. Technical Difference of Opinion - 27, 28, and 33
3. General Comments Attachment B
 - a. Verification Sampling Plan - 1, 2, and 3
4. Specific Comments Attachment B
 - a. Verification Sampling Plan - 1-4, 6, 7, 10-13
 - b. Not Applicable - 8, and 9
 - c. Technical Difference of Opinion - 5

Those comments designated "technical difference of opinion" will require further discussion to resolve. If you have any questions regarding this response to your comments, please call Mark Krivansky at (215) 595-0567. Mark will be replacing me as the remedial project manager for this project.

Sincerely,

Deborah Stockdale
