Dear Mr. Horin:

Since the briefing at the Technical Review Committee meeting on 22 November 1988 concerning the PCB fire in Building V-60 and V-90 of the Naval Aviation Depot, Norfolk, it has been determined this site should be included as part of the Commander, Naval Base, Norfolk Installation Restoration Program.

Enclosed documents are for your review prior to a proposed meeting of the Technical Review Committee on 7 June 1989 at 1000 in Room 207, Building N-26 at Norfolk Naval Base. Please advise me at (804) 444-2590 if you will attend.

Sincerely,

STEVEN L. GIBSON  
Director, SOH Programs  
By direction of  
the Commander
