Re: Closure, CD Land-  
fill, permit #286,  
Norfolk

Dear Mr. Yow:

This is in regard to the above and my letter to you of December 12, 1986. On June 15, 1987, I visited the site and found the gate locked and a sign on the gate stating the facility was closed permanently as of June 14, 1987.

As we discussed previously, the closure plan should be submitted in triplicate to this office for review. Regulations require final cover and grading within six months after closing.

Please respond as soon as possible with your closure plan. Should you have questions or wish to discuss this, please let me know.

Sincerely,

A handwritten signature in blue ink, appearing to read "Harold J. Winer".
