Re: Glenwood Park area - Camp Allen landfill

Dear Admiral Tobin:

Thank you for your recent letter of September 5, 1991.

As you are no doubt aware, this is a matter of tremendous and concern to the residents of the Glenwood Park area and to me and to Congressman Owen B. Pickett. The area is in my state legislative district and is also within Congressman Pickett's second Congressional District.

I look forward to being present at the Civic League meeting on Tuesday, September 24, 1991 since I understand members of your staff will be present to discuss the results of your preliminary survey and investigation. On behalf of the residents, I want to thank you for your continuing and immediate attention to this problem.

By copy of this letter to the State Department of Health, I am also thanking them for their continued attention and urging that they continue on with their efforts to identify the problems and the source of the dumping of hazardous and/or radioactive materials near or adjacent to the Glenwood Park neighborhood.
