Re: ARARs Coordination, Remedial Action, Site 1,
Camp Allen Landfill, Areas A and B, Naval Base,
Norfolk, Virginia

Dear Ms. Dameron:

On December 7, 1994, we submitted our most recent correspondence on ARARs coordination. In response to this submittal, we received the Virginia Department of Environmental Quality's (VDEQ) comment letter dated February 3, 1995. We have received no other comments in response to our submittal.

Since an additional 30 days has elapsed with no further comment, the Navy is proceeding with advertising the Proposed Remedial Action Plan (PRAP) provided to VDEQ on March 3, 1995. We anticipate finalizing the Decision Document shortly after the Public Comment period for the PRAP. As outlined in our December 7, 1994 letter, we will comply with all the substantive requirements for the discharge in accordance with CERCLA section 120.

A separate letter responding to your February 3, 1995 letter will be provided.

If you have any questions, please contact the Remedial Project Manager, Mr. Dave Forsythe, at (804) 322-4783.

Sincerely,

N. M. JOHNSON, P.E.
