

PRAP Comments  
Camp Allen Salvage Yard

1. Page 1.0, Section 1.0  
Include similar language from Feasibility Study that indicates that Naval Base, Norfolk is now Naval Station, Norfolk. Change "Naval Base, Norfolk" in the remaining document to "Naval Station, Norfolk".
2. Page 1.0, Section 1.1, Paragraph 3  
Delete reference to "decision document" since only the "Record of Decision" is applicable to this site.
3. Page 2-1, Section 2.1, Paragraph 1  
Change "Naval Base Norfolk" to "Naval Station, Norfolk".
4. Page 2-1, Section 2.1, Paragraph 1  
Change "IRP" to "Installation Restoration Program (IRP)".
5. Page 2-1, Section 2.1, Paragraph 2  
Change "The CASY presently consists of" to "The CASY consists of".
6. Page 2-2, Section 2.3  
Change "Activities the Caused Site Contamination" to "Previous Operations at Site".
7. Page 2-2, Section 2.3, Paragraph 1  
Delete additional space between "salvage" and "yard".
8. Page 2-2, Section 2.3, Paragraph 1  
Change "old vehicles parts, and discarded electronic equipment was stored" to "old vehicle parts, and discarded electronic equipment were stored".
9. Page 2-3, Section 2.5, Paragraph 1  
Change "no addition comments" to "no additional comments".
10. Page 3-1, Section 3.0, Paragraph 1  
Delete comma.
11. Page 6-1, Section 6-1, Paragraph 2  
Paragraph 2 states that the Navy is conducting an ecological risk assessment of Bousch Creek. Based on discussions during last Partnering Meeting, this statement is incorrect.
12. Page 6-2, Section 6.3, Paragraph 3  
Delete additional space between "Therefore," and "the".

13. Page 7-1, Section 7.0, Paragraph 1  
Add space between "(NCP)." and "A".

14. Page 7-6, Section 7.2.3, Paragraph 1  
Change "involve the excavation and disposal of sediments form the pond area" to  
"involve the excavation and disposal of sediments from the pond area".

15. Page 7-7, Section 7.2.4, Title  
Since this alternative does not provide an engineered cap, change title to "Covering of  
Sediments".

16. Page 8-3, Section 8.1, Implementability  
Change "The implementability of Alternatives SO-4 and SO-5 is not a easy as other  
alternatives " to "The implementability of Alternatives SO-4 and SO-5 is not as easy  
as other alternatives".

17. Page 10-1, Section 10.1  
The address for receipt of comments on the PRAP is incorrect. Information will be  
provided next week.
