Final RI Report

Dear Mr. Jackson:

Enclosed are six (6) copies of the Final Remedial Investigation (RI) report for the Camp Allen Salvage Yard (CASY). The RI report presents the findings of the field investigation started at the CASY in 1996, including additional data collected from Camp Allen Area B in 1998. The human health risk assessment considers the entire northern portion along with Area B of the landfill. The Final RI incorporates comments received on the April 1999 Draft RI.

Copies of the Final RI Report have also been sent to the other members of the Naval Station Partnering Team.

Baker appreciates the opportunity to provide support to LANTDIV and Naval Station Norfolk. If you have any questions regarding this matter, please contact me at (757) 631-5416.

Sincerely,

BAKER ENVIRONMENTAL, INC.
