Subject: Scott Center ROD has been signed

ROD Signature
Page_Final.pdf

The ROD was signed yesterday. The signature page is attached as a PDF file. I've ended up with four signed copies of the signature page. I'll keep one, and send Tim three. We probably should talk about team distribution of the document. I'd like to get an electronic version of the full document (PDF) and two hard copies.

Thanks to all who helped get our first NNSY ROD!

1.4 Statutory Determinations

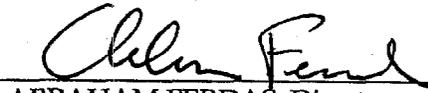

The removal action conducted at OU1, Site 2, Scott Center Landfill has eliminated the need to conduct further remedial action. As there are no hazardous substances, pollutants, or contaminants remaining onsite above levels that allow for unlimited use and unrestricted exposure, a 5-year review will not be required.
