Dear Mr. Stroud:

Enclosure (1) provides a copy of the draft Resource Conservation and Recovery Act (RCRA) Facilities Investigation Report (RFI), as required by the Naval Air Station (NAS) Oceana RCRA 3008 (h) consent order. Please review and provide written comments by August 9, 1993.

We would like to arrange a meeting for the third week of August to discuss any EPA comments. This would facilitate resolution and allow scheduling a Technical Review Committee (TRC) meeting in early September.

If you require additional information, NAS Oceana's point of contact is Mr. Richard Hylton at 433-2589.

Sincerely,

  
J. W. CRAINE, JR.  
Captain, U.S. Navy  
Commanding Officer
