Re: Additional Fieldwork at SWMU 15 to Fully Characterize  
Limits of Soil Contamination at NAS Oceana

Dear Ms. Holden:

In accordance with Section XI.2 of the RCRA 3008(h) Consent Order at NAS Oceana, the Navy is notifying you of additional fieldwork for the above subject SWMU. This work is being performed to better delineate the limits of soil contamination and allow the Navy to perform a fixed price design for the construction project. This fieldwork is an extension of the previous fieldwork as submitted in the approved RFI Phase II workplan and should be performed sometime in March, 1996.

Please call me at (804) 322-4776 if you have questions or need additional information with regards to this or any other submittal.

Sincerely,

J. F. HARRIS, P.E.  
Remedial Project Manager  
Installation Restoration Section  
(North)  
Environmental Programs Branch  
Environmental Quality Division  
By direction of the Commander
