Subject **Final Feasibility Study/Corrective Measures Study (FS/CMS) Report
for Site 12/SWMU 10, Jericho Island Disposal Area
MCRD Parris Island, South Carolina
May 2004**

Dear General McMenaminn:

The United States Environmental Protection Agency (EPA) has completed its review of the subject document. The document, based on the findings of the RI/RFI (2001) report, fulfills its purpose to develop and evaluate potential remedial alternatives/corrective measures for addressing risks to human health and the environment found within the Site 12 /Swmu10 area. Therefore, EPA approves the Final FS/CMS Report for Site 12/SWMU 10, Jericho Island Disposal Area.

I look forward to our continuing cooperative efforts on this project. If you have any questions, or if I can be of further assistance, please contact me at (404) 562-8543.

Sincerely,

Patricia J. Goldberg
