Hi Lila - after sending this out, I re-read your 26 September email where it does seem you are expecting an actual RTC letter. I will work on this and get it to you (and Team) within next day or so. thanks. MS

Hi everyone -please see attached subject document, in PDF. In addition, please see RTC for SCDHEC comments. I may have been reading EPA's review comments cover letter too literally, but since the letter said 'EPA would not expect or require extensive responses to most of these comments', I didn't prepare an RTC for EPA. However, I still can rough something out if it provides any value. Please advise.

In line with how the Team has indicated it desires to receive deliverables, I will be sending hard copy to Meredith today. thanks.
