Dear Mr. Cook:

The Corrective Action Engineering Section of the South Carolina Department of Health and Environmental Control (Department) has completed the review of the above referenced letter received July 22, 2008. The milestone extensions for the Site 27 RI and the Site 3 Risk Assessment Memo have been approved. The Site 3 Proposed Plan, ROD D1, and ROD D2 are under team consideration, as discussed in the July 30, 2008 conference call. The Department looks forward to future Change in Document Submittal Letters to solidify these dates and continuing work with the Navy and EPA to meet these milestones.

If you have any questions or concerns, please feel free to contact me at (803) 896-4218.

Sincerely,

Meredith Amick, Environmental Engineer Associate
