SUBJ: EPA Review of the FY2010 Draft Final Site Management Plan (SMP D2) for the Marine Corps Recruit Depot (MCRD), Parris island, South Carolina (August 2009)

Dear Sirs:

The U.S. Environmental Protection Agency (EPA) is in receipt of a letter from South Carolina Department of Health and Environmental Control (DHEC) to the Navy dated September 1, 2009, which calls for the submittal of a formal Response To Comments (RTC) before the Draft Final FY10 Site Management Plan (SMP) document will be accepted as complete and ready for review. Submittal of the formal RTC may in turn result in the need to further modify the SMP. Therefore, EPA will also need to suspend review of the Draft Final SMP until the RTC are received. Based on a recent conversation with the Navy, EPA understands the Navy will prepare and submit RTCs on or before the next Parris Island Team meeting, scheduled for September 15, 2009. If this is not the case, please notify EPA immediately regarding the timing of the RTC submittal. If there is any way EPA can assist in helping the Navy to address comments and submit RTCs, please do not hesitate to call me at (404) 562-9969.

Sincerely,

A handwritten signature in cursive script that reads "Lila Llamas".
