Parris Island, SC 29905-9001

Dear Mr. Owens and Mr. Harrington:

The U.S. Environmental Protection Agency (EPA) has completed its review of the Request for Extension of the Draft Final Feasibility Study Report for Sites 9, 16, 27, and 55 (FS), Marine Corps Recruit Depot (MCRD), Parris Island, South Carolina received February 28, 2013. The extension request is approved and results in a new milestone due date of April 15, 2013 for the Draft Final FS. Review of the attached Table 1 indicating the potential impact to the Site schedule reveals additional current year milestones will also require extension. Based on conversations with the Navy RPM, EPA understands the Navy intended this request for extension to also request an extension for those milestones impacted by this change in schedule although not specifically requested in the letter. For this instance, EPA will accept this as an extension request and approves the other current year FY13 milestone dates which have changed in the Table 1 submitted with your letter. Table 1 as revised reflects the new enforceable milestone dates and is included as an attachment to this letter for further documentation.

Due to the vagueness of the Navy's letter, it is unclear if the South Carolina Department of Health and Environmental Control (SCDHEC) intended approval of all milestones in question or simply the Site 9/16/27/55 Draft Final FS milestone. EPA suggests the Navy seek clarification from SCDHEC as to their intent. In future letters, please identify all milestones for which extensions are being requested in the body of your letter for clarity.

Also, the Navy/MCRD did not submit a Table 2 for out year milestones as requested, however, discussion with the Navy RPM has clarified that Table 2, along with the rest of the text of the SMP and Table 1, will be updated in the June 15, 2013 submittal of the draft updated SMP.

Please feel free to contact EPA regarding any questions you may have. I can be reached at 404-562-9969.

Sincerely,

A handwritten signature in black ink that reads "Lila Llamas". The signature is written in a cursive, flowing style.

Lila Llamas, Senior RPM
