Dear Ms. Llamas and Ms. Amick:

**SUBJECT: FINAL SITE INSPECTION REPORT ADDENDUM FOR UNEXPLODED  
ORDNANCE (UXO) 1 NO FURTHER ACTION DETERMINATION,  
MARINE CORPS RECRUIT DEPOT (MCRD) PARRIS ISLAND, SC  
DATED 17 DECEMBER 2015**

This letter is the formal request for concurrence with No Further Action (NFA) determination for UXO 1. Based on the results of the Site Inspection Report Addendum and lack of evidence (i.e., records indicating location, use, operating procedures, etc.) to support the existence of the grenade range, the Navy concludes that the range did not exist at this location. Specifically, there is no line of evidence to support the presence of a grenade range at the reported location of UXO 1. Instead, the activities likely occurred at one of several nearby ranges that were active at the time. Therefore, NFA is appropriate for the site.

Enclosed are the following items as part of the final submittal package:

- a. U.S. EPA Technical Review of the Site Inspection Report dated 20 March 2015.
- b. U.S. EPA no comments letter of the Draft Final Site Inspection Report Addendum for UXO 1 No Further Action Determination dated 10 March 2016.
- c. SCDHEC no comments letter of the Draft Final Site Inspection Report Addendum for UXO 1 No Further Action Determination dated 19 January 2016.
- d. Replacement cover page and spine for the Final Site Inspection Report Addendum for UXO 1 No Further Action Determination.

These enclosures are to be incorporated into the binder provided in the 17 December 2015 submittal that included the referenced draft-final version of the Addendum and the Tetra Tech Response to U.S. EPA comments dated 20 March 2015. Since a Declaration Statement for UXO 1 is no longer being pursued; the associated page from the 17 December 2015 submittal should be discarded. Pending receipt of your NFA approval letters, final compact discs (CDs) including the Addendum, comments, response to comments, and NFA approval letters will be issued.

If you have any questions, please contact Mr. José Parra at (757) 341-0330 or by e-mail at [jose.l.parra@navy.mil](mailto:jose.l.parra@navy.mil).

Sincerely,
