Dear Mr. Parra:

The U.S. Environmental Protection Agency has completed review of the Draft Final Site Inspection Report Addendum for UXO 1 No Further Action Determination at Marine Corps Recruit Depot (MCRD), Parris Island, South Carolina (December 2015). Based on this review EPA has no further comments.

Please advise EPA as to the next steps in finalizing this document with regard to letters of concurrence versus declaration signature page. It is EPA's understanding the team has decided to forgo the declaration page signatures and instead accept concurrence letters. Please clarify if EPA is to remove the declaration page from the document and instead submit a letter of concurrence.

If you have any questions regarding this matter or need any additional information, please contact me at (404) 562-9969.

Sincerely,

**LILA LLAMAS**
