Re: Extension of review time requested for the draft Solvent Release Area Feasibility Study

Dear Mr. Helland:

EPA respectfully requests an extension of the 45 day review time afforded by Section 10.6 of the Federal Facilities Agreement for the draft Solvent Release Area Feasibility Study (SRA FS). EPA received the SRA FS on August 24, 2010 and requests an extension until November 5, 2010. We will, however, make every effort to submit our comments to the Navy as early as possible.

I look forward working with you and the Massachusetts Department of Environmental Protection to select a remedy for the SRA. Please do not hesitate to contact me at (617) 918-1385 should you have any questions.

Sincerely,
