Dear Mr. Day:

SUBJ: NOMANS LAND ISLAND INFORMATION REPOSITORY

As per our agreement, updates to the Information Repositories and official documents are being sent directly to you.

Public Information Repositories were established in 1998 at the Chilmark Town Office and the Aquinnah (Gay Head) Town Office to provide information related to environmental conditions and actions being taken by the Navy on Nomans Land Island, Chilmark, MA.

Enclosed you will find the final Community Relations and Involvement Program documents for addition to the Information Repository records for Nomans Land Island. Please keep these documents on file for use by Tribal members.

If items are lost or missing, or if there are any questions regarding these records, please feel free to contact Ms. Heather MacDonough at Naval Facilities Engineering Command at (610) 595-0567 ext. 134 or Mr. David Barney at the Caretaker Site Office (CSO) at Naval Air Station South Weymouth at (781) 682-2771.

Copies of these documents are also being kept on file as part of the administrative record file at the CSO Naval Air Station South Weymouth.

Thank you for your assistance in making these documents available to the members of the Wampanoag Tribe.

Sincerely,

R. W. WARNER, PE
Director, Envir Engr Div.
