Subject RE: Site 2 FS Comment Response

Team,

We have incorporated the responses to EPA's most recent (March 5) comments into the overall response to comments. I believe that addresses all of the comments. As determined in our partnering meeting, the next step toward finalization of the Site 2 FS will be to distribute a redline version of the text for your review. We will distribute the electronic redline by the middle of next week for your review, and if it's acceptable attempt to distribute the final document by the end of March to meet our team goal for the Final FS.

Thanks,  
Janna
