Subject: RE: SJCA Site 2 Waste Delineation Work Plan RTC

Janna -
The RTCs are acceptable.
Thanks,
Karen

Subject: SJCA Site 2 Waste Delineation Work Plan RTC

Hi Team,

The response to comments for the minor comments received on the draft Site 2 waste delineation tech memo are attached. If the responses are acceptable, please let us know and we will distribute the final plan.

Also, one minor change to note since your review: Rather than preparing separate health and safety plans (HASPs) for the waste delineation activity and the well abandonment activity, we have added the well abandonment health and safety procedures to the HASP of this document. I don't think it's a big deal since it's just adding a little information and will keep you from having to review a separate (but almost identical) HASP in association with the well abandonment. If you have any questions or concerns, let me know.

Thanks,
Janna
