Team -

See below for responses to the VDEQ RPM comments. Also, see attached for responses to the VDEQ ARARs Coordinator comments.

RPM comment #5 - the reason for the difference in the dates is still unclear to the reader - please either update the information in the header row or insert a note to provide additional clarification

RPM comment #7 - the response inserts this sentence, "The chlorinated Site 21 chlorinate plume..." - please change "chlorinate" to "groundwater"

RPM comment #15 - please change the following in the text to be inserted - first sentence change "MCL" to "MCLs" - second sentence insert "indicated that contaminants" after "but instead"

Regards,

Karen M. Doran
