Re: EPA review of St. Juliens Creek Annex, Site 3 Interim Removal Action Work Plan

Dear Mrs. Hayes,

I have reviewed the Interim Removal Action Work Plan for the Site 3 at St Juliens Creek Annex. Based on scoping discussions during partnering meetings, I concur with the approach as outlined in the Work Plan, and have no comments on this document. This letter is intended to serve as formal EPA concurrence with the work plan and authorization to mobilize in the field, to conduct the removal action.

Please contact me if you have further concerns regarding this document.

Sincerely,

Todd Richardson
Remedial Project Manager
