Subject: Site 5 Work Plan for ERI addendum - comments

Hi all,

I have reviewed the referenced report and submit the following DEQ comments:

Typographical comments:

- Page 2-2, paragraph in middle of page, sixth line down - "...onto the site form adjacent areas..." - replace "form" with "from"
- Table 3-2 - please include a line heading at the top of the table with descriptions of the column content
- Table 3-3 - First, second, and fourth segment - is there a third segment? If so, please include it.

General comment:

- The document looks good. The DEQ concurs with the proposed work plan.

Thank you for the opportunity to comment.
