Subject: Re: SJCA Site 21 Interim ROD

I looked back at my last comments and saw that they were minimal, so I checked the revisions quickly, and it looks good to me!

SJCA Site 21 Interim ROD

Team,

The most recent EPA and VDEQ comments have been incorporated into the attached redline document (the most recent changes show up as blue text).

Please note, an additional reference has been added to the Reference table for the term "beneficial uses" to cite the State Water Control Law, based on feedback received from VDEQ. Karen - can you please take a look at the citation and confirm that it is correct?

If there are no objections to the changes we have made, we will proceed with producing the final hardcopies.

Thank you,
Adrienne
