EPA has no further comments on the Site 21 PRAP . Thank you for the opportunity to comment and good work on the document. Please send me a final version once DEQ Comments have been addressed (PDF is fine).

Thanks

Hi John.

We'll make all of the changes you requested, with one very minor exception. We propose deleting the first "for potable use" in the paragraph right below Figure 3 (see attached). (Your revision resulted in two "for potable use"s in the same sentence.) Let us know if you have any more concerns. Otherwise, we'll proceed as soon as we hear back from VDEQ.

Thanks,
Janna

Hey guys I just inserted the attorney suggested edits in Adobe editor (let me know if that is okay and they show up). I will not be sending this document back to ORC for confirmation of changes. Please let me know if you are agreeable to the suggestions, and then just have the next draft be final. I have already presented to the acting division director and got the ok. Thanks for the opportunity.
