Hi team,

The response to comments for the Draft Site 21 Proposed Plan are attached for your review. Additionally, the redlined text is available under document review on our web site (sorry; too large to email). If you have any questions or additional comments, please let us know. Otherwise, if the responses are acceptable, we will proceed with Navy legal review.

John, please note that responses to the EPA legal comments will not be provided until the Navy legal review is completed.

Thanks, and have a great weekend.
