Dear Mr. Smith:

RE: Abandoned Production Well #2
U.S. Naval Aircraft Delivery Airport
Ewing Township, Mercer County

A recent compliance inspection conducted by the Bureau of Water Allocation has found the above captioned well to be "abandoned" as stated in New Jersey Statutes Annotated 58:4A-4.1 et. seq..

Consequently, the Department requires that this well be sealed in compliance with New Jersey Administrative Code 7:9-9.1 et. seq.. This well is to be sealed completely with grout pumped through a tremie pipe from the bottom up to the top of the well.

The well must be sealed within sixty days of the receipt of this letter by a New Jersey Licensed Well Driller who is certified to seal wells.

A list of New Jersey Licensed Well Drillers who have obtained the well sealing certification is enclosed for your guidance. Copies of N.J.S.A. 58:4A-4.1 et seq. and N.J.A.C. 7:9-9.1 et seq. are also enclosed.

Should you have any questions, please contact Mike Arecco of my staff at (609) 984-6831.

Sincerely,

Richard H. Kropp
Bureau Chief
Bureau of Water Allocation
