Re: Naval Weapons Station, Yorktown, Va.
Forwarding of draft *Data Acquisition/Summary Report*

Dear Ms. Norton:

Enclosed please find a copy of EPA's draft *Data Acquisition/Summary Report* for the Naval Weapons Station-Yorktown (WPNSTA) NPL site. Please review the draft *Report* with the understanding that it can be modified to meet the needs of all parties involved with environmental restoration activities at the WPNSTA. Should any additional chapters be added? Is their significant information missing? Should the *Report* include a complete listing of ARARs?

I am requesting that written comments concerning the review of the draft *Data Acquisition/Summary Report* for the WPNSTA be submitted to me by July 20. If you are unable to meet this deadline, please let me know as soon as possible so I can make alternative arrangements with BVWST. If you have any questions, please feel free to call me at (215) 597-1110,

Sincerely,

P.S. - If possible, the Navy could forward EPA a computer-graphic copy of the WPNSTA logo and/or Navy logo on disc that EPA could transfer onto the front cover of the final initial DA/SR
