Re: Draft Final 1997-1998 Site Management Plan, Naval
Weapons Station Yorktown, Yorktown, Virginia

Dear Mr. Thomson:

This letter is provided in response to your letter dated October 4, 1996. As discussed during recent telephone conversations with Mr. Richard Stryker, the Navy will change the Final SMP to reflect the planned delivery of only one primary document for FY 97 initiated work only. As discussed, we plan to have two sets of reports for the FY 97 work. One report will cover the SSAs and the other report will cover the remaining RI/FS sites. All sites currently in the RI/FS process will be held to formerly agreed-to schedules. If you have any questions concerning these responses to your comments on the Draft Final FY 97/98 SMP please contact Mr. Richard Stryker (757) 322-4778.

Sincerely,

N. M. Johnson, P.E.
Head
Installation Restoration Section (North)
Environmental Programs Branch
Environmental Quality Division
By direction of the Commander
