Re: Naval Weapons Station, Yorktown, Va.
Review of draft *Site Management Plan FY 96 and 97*

Dear Ms. Norton:

The U.S. Environmental Protection Agency (EPA) has reviewed the Navy's draft *Site Management Plan FY 96 and 97* for the Naval Weapons Station-Yorktown NPL site (WPNSTA). Based upon that review, we have the following comment to offer concerning the draft document:

1. GENERAL COMMENT - FIGURES

The addition of Figure 5-2 is extremely useful to EPA, and we appreciate its inclusion in the SMP. However, an additional figure listing the items described below would also be extremely beneficial to EPA:

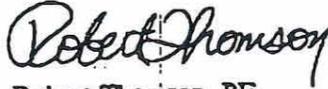

-A figure which would compile, for all sites, a listing of the draft and final primary and secondary deliverable due dates, i.e. dates by which the Navy would forward deliverables to EPA and the Commonwealth. EPA is essentially looking for a figure that would contain a condensed schedule for the following deliverables:

- Removal Action Sampling Plans
- Removal Action Completion Reports
- SSA Work Plans
- SSA Project Reports
- RI/FS Work Plans
- Treatability Study Work Plans
- Treatability Study Reports
- RI/BRA/FS Reports
- Proposed Plans
- RODs
- Remedial Design documents
- Remedial Action Work Plans
- Remedial Action Completion Reports
- Long-Term Monitoring Work Plans
- Long-Term Monitoring Reports

-Operation and Maintenance Plans

This concludes EPA's comments on the Navy's draft *Site Management Plan FY 96 and 97* for the WPNSTA. If you have any questions, please feel free to call me at (215) 597-1110.

Review of draft *Site Management Plan FY 96 and 97*
Addendum

Dear Ms. Norton:

On July 18, 1995, the U.S. Environmental Protection Agency (EPA) forwarded comments to the Navy concerning its review of the Navy's draft *Site Management Plan FY 96 and 97* for the Naval Weapons Station-Yorktown NPL site (WPNSTA). Please note that the EPA has one additional comment to add to its July 18th review letter concerning the draft *Site Management Plan FY 96 and 97* for the WPNSTA. The additional comment is based upon EPA's March 7, 1995 Site-Screening Area nomination letter for Roosevelt Pond.

2. Section 2

Based upon EPA's March 7, 1995 letter to the Navy, please add Site-Screening Area 21, Roosevelt Pond, to the final SMP for FY 96-97 for the WPNSTA. Also, please include SSA 21 in Table 2-1.

This concludes EPA's addendum to its July 18, 1995 review letter concerning the Navy's draft *Site Management Plan FY 96 and 97* for the WPNSTA. If you have any questions, please feel free to call me at (215) 597-1110,

Sincerely,
