To All:

Attached is a redline version of the CAX Sites 4, 9, and AOC 3 SI Report that includes the 11/4 changes (approval for which is below) and changes made to address Peter's final comments (the inclusion of justification for the uncertainty factors in the ecological risk evaluation for each site). As a result of making the changes to address Peter's final comments, an Uncertainty Factors table (Table B-4a) was added to the report which I have also attached for your information. I have also attached a redline copy of the Appendix B text, however the changes made to this file are the same changes that were made to the body of the report.

Please let me know that these changes are acceptable and I will accept the redline changes and proceed with distributing the final report. Unless anyone had any changes to the distribution, John will receive a hard copy of the entire document and everyone else will receive copies the changed pages to place in their existing binders. In addition, a PDF of the entire report will be included on CD as well.

If there are any questions, please let us know.

Thanks,
Stephanie

Guys,

The revised language that was included in the red-lined strikeout is acceptable (thanks for making the changes). Peter did submit a few additional in text concerns. If we can just make the corrections/clarifications we should be able to finalize this ASAP. Please contact me with any questions or concerns

which may be a computer program. This attached computer program could contain a computer virus which could cause harm to EPA's computers, network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
