Mr. Park:

Thank you for the opportunity to review the subject document. I have reviewed the red-line revisions to the subject document as it relates to EPA comments on an earlier draft of the document, and recent CAX Partnering Team discussions regarding the Booster Test Pit. In conjunction with EPA's letter dated January 24, 2013, accepting the Navy's response to comments for the subject document, EPA has no further comments on this document. Please submit a final copy of the subject document for our records. If you have any questions, please contact me at 215-814-2077.
