Subject: CAX: Site 7 SAP - DEQ Comments

Follow Up Flag: Follow up
Flag Status: Completed

Thank you for giving the DEQ the opportunity to comment on the January 2010 Site Investigation Work Plan and Sampling and Analysis Plan for Site 7 at CAX.

The SAP was received by the DEQ on January 28, 2010.

DEQ Comments -

Page 6:

In September 2003, Hurricane Isabel eroded approximately 15 to 20 feet of shoreline, resulting in a large amount of debris covering the beach and an unstable slope along the eastern boundary of Site 7.

Sounds like we are hard up for partnering topics, please provide comments as soon as possible. Thank you and have a good one.

Chris

Chris,

Comments were due last Thursday, April 1. To date, we have received nothing from either EPA or VDEQ. If we could get their comments soon, we could possibly make it a Partnering topic. Would you please send an email to the team asking about the status of the comments?

Thanks,

Marlene
