Re: Remediation Advisory Board  
NAS JRB/ARS Willow Grove

Dear Jim:

I apologize that I was not able to stay for the entire meeting on January 14, 1998 due to prior commitments. I did want to note some errors in the Community Relations Plan, dated November 1997. I realize that these plans are final, however, the errors will be very obvious to any community member that reads the document. In Section 2.1 (top of page 2-1), the NASJRB is noted as being "located approximately 23 miles north of Philadelphia . . . immediately north of the township of Horsham." As noted in the subsequent paragraph, the base is "in Horsham Township" and approximately 8 miles north of Philadelphia (the base is 23 miles north of Woodbury, New Jersey).

As requested before, please send all future correspondence US Mail or UPS (second day or ground if a record of receipt is required). As a tax payer, I do not wish to receive non-time crucial material by Federal Express. Also, as far as the Navy Phase II Remedial Investigation report, I would like to receive the entire report (including all summary data tables and appendices), except for all laboratory data reports.

Please feel free to call me at (215) 830-2059 if you have questions or if the next meeting is not March 4, 1998 at 6:00 pm.

Sincerely,

Eric C. Lindhult, P.E.
