Re: DECISION DOCUMENT AFTER SITE INSPECTION FOR NO-FURTHER
ACTION AT SITES 4, 6, 8, AND 9 AT NAS WILLOW GROVE, PA

Dear Mr. Beitler:

Enclosed is the Decision Document for No-Further Action at Sites 4, 6, 8, and 9. The document is consistent with the recommendations as presented in the Final Site Inspection Studies for NAS Willow Grove (May 1990) and will serve as the administrative record supporting the decision for no action at these SI sites.

Also enclosed is an additional copy of the Final SI Report for your files. This submission was originally distributed at the TRC Meeting of May 18, 1990 in which EPA and PADER were in attendance.

A phone conversation record in our file between Mr. R. Dudjinski and Mr. J. Shafer on June 22, 1990 indicates that PADER had completed its review of the Final SI Report. Mr. Dudjinski indicated that PADER had no comments to offer and that the report was satisfactory. PADER also agreed with the final report recommendations.

Please contact Mr. Frank Klanchar at (215) 897-6280 if you have further questions or concerns on this matter.

Sincerely,

R.W. Warner

for T. G. SHECKELS
Head, Restoration Management Section
