Re: Storage Tank Program
Willow Grove Naval Air Station
Facility ID No. 46-44053
Horsham Township
Montgomery County

Dear Mr. Colter:

We have completed our review of the May 31, 1994, report entitled "Pre-Design Sampling and Analysis of Soil Piles at NAS Willow Grove" prepared by EA Engineering, Science and Technology for the facility referenced above.

Based on the information submitted, the soil stockpiles which were sampled may be used in the area adjacent to the end zone of the run way shown in the site diagram submitted with your letter dated August 3, 1994. The area should be reseeded immediately after spreading of the soil is completed.

This letter does not waive, either expressly or by implication, the power or authority of the Commonwealth of Pennsylvania to prosecute for any and all violations of law arising prior to or after the issuance of this letter or the conditions upon which the letter is based. This letter shall not be construed so as to waive or impair any rights of the Department of Environmental Resources, heretofore or hereafter existing. This letter does not constitute an appealable action of the Department.

Should you have questions concerning this matter, please contact me.

Sincerely,

Marcella S. Goldberg
