Subject: Site Screening Area 11 (SSA 11) – Aircraft Parking Apron

Dear Mr. Lewandowski:

I am writing in response to your letter of December 1, 2006, requesting concurrence from the EPA, with your determination that NAS Site Screening Area 11 – Aircraft Parking Apron, requires no further action under CERCLA.

EPA has reviewed the Interim Report on Investigations at the Navy Fuel Farm (EA, 1991) and finds that SSA 11 does not have contamination subject to response actions under CERCLA. EPA agrees that this site require no further investigation under CERCLA.

If I can be of further service, please do not hesitate to call me at (215) 814-3363.

Sincerely,

A handwritten signature in black ink, appearing to read "Lisa M. Cunningham".
