Draft *Technical Memorandum*  
Review of the Navy's 5/28/08 Responses to EPA's 5/15/08 letter

Dear Ms. Cole:

The U.S. Environmental Protection Agency (EPA) has reviewed the U.S. Navy's (Navy's) May 28, 2008 responses to EPA's May 15, 2008 letter pertaining to the Navy's April, 2008 draft *Technical Memorandum* (TM) for the Evaluation of Human Health Risks Associated with the Potable Use of Groundwater at Sites 11 and 17 (Addendum to the Final Phase I Remedial Investigation Report for Groundwater at Sites 1, 3, 6, 7, 11, 17, 24, and 25), located the Naval Weapons Station-Yorktown (WPNSTA-Yorktown) NPL site. Based upon that review, EPA finds the Navy's responses to be acceptable.

Please make the appropriate corrections to the draft *TM*, and forward two complete final copies of the *TM* for Sites 11 and 17, located the WPNSTA-Yorktown NPL site, to EPA for insertion into the project files.

If you have any questions, please feel free to call me at (215) 814-3357,

Sincerely,

Robert Thomson, P.E., R.E.M.
