RE: Base Realignment and Closure Blue Site (Category 2) Color Change, Based on New Department of Defense BRAC Color Code Scheme, Building 1822, F-18 Simulator, Naval Air Station Cecil Field, Florida.

Dear Mr. Davidson:

I have completed the technical review of the Proposed Color Change, dated July 1997 (received July 18, 1997) submitted for the above-referenced facility. FDEP concurs with the recommendation of no further action and that this site should be reclassified to the transferable color of white (Category 1).

FDEP's concurrence is predicated on the information provided by the SOUTHNAVFACENCOM. Therefore, any new information contradicting the basis for this concurrence, may require further investigation or remedial actions.

If you have any concerns regarding this letter, please contact me at (904) 921-9991.

Sincerely,

Michael J. Deliz, P.G.
