BRAC Site Review of Transferrable Property

Dear Mr. Glass:

Based on the review of the Environmental Baseline Survey (EBS) for NAS Cecil Field dated November 1994, along with subsequent documentation, the U.S. Environmental Protection Agency (EPA) concurs with the reclassification of the attached list of buildings/properties and the designation for no further action. EPA's concurrence with the disposition of these buildings is subject to change pending the receipt of further information which may indicate a change in building/parcel conditions.

Should you have any questions, or if I can be of any further assistance, please contact me at (404) 562-8539.

Sincerely,
