RE: Site Assessment Report, Revision 1, Facility 190,
Tanks G190A and 190RI, Naval Air Station Cecil Field
Florida.

Dear Mr. Kizer:

I have reviewed the Site Assessment Report (SAR) dated July 1999 (received August 2, 1999) submitted for this site. I found all the documents submitted to date to be adequate to meet the contamination assessment requirements of Rules 62-770.600 and 62-770.630, Florida Administrative Code (F.A.C.).

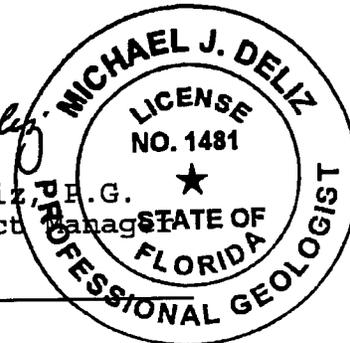

A Remedial Action Plan should now be submitted according to the time-frame established by the BRAC Cleanup Team.

If you should have any questions concerning this review, please contact me at (850) 921-9991.

Sincerely,

Michael J. Deliz
