Subject: Technical Memorandum for No Further Action at Potential Source of Contamination 55, Facility 805 - Recycling Center, Revision 1

Dear Mr. Davidson:

The U.S. Environmental Protection Agency (EPA) has completed reviewing the subject document and find it adequate for its intended purpose. This letter provides approval for no further action at Facility 805 and concurs with the revised BRAC designation of 3/Light Green.

EPA's review is based on available information presented by the Navy. If future information is made available which changes this decision, further investigation may be required.

Please contact me at 404/562-8539, if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Deborah A. Vaughn-Wright".
