RE: Draft Feasibility Study Report for Site 25 - Former Transformer Storage Yard, Former Naval Air Station Cecil Field, Florida.

Dear Mr. Davidson:

The Department has completed its review of the Draft Feasibility Study Report for Site 25 - Former Transformer Storage Yard, Former Naval Air Station Cecil Field, dated February 2001 (received February 19, 2001), prepared and submitted by Tetra Tech NUS, Inc. I have attached a memorandum from Greg Brown, P.E. concurring that the document can be finalized upon submission of the responsible engineer's signature page and concurrence from U.S. EPA Region 4.

If you have any concerns regarding this letter, please contact me at (850) 488-3693.

Sincerely

David P. Grabka
Remedial Project Manager

Memorandum

Florida Department of Environmental Protection

TO: David Grabka, Remedial Project Manager, Technical Review Section

THROUGH: Tim Bahr, P.G., Supervisor, Technical Review Section 

FROM: Greg Brown, P.E., Professional Engineer II, 
Technical Review Section

DATE: April 18, 2001

SUBJECT: Draft Feasibility Study Report for Site 25 - Former Transformer Storage Yard, Former Naval Air Station Cecil Field, Jacksonville, Duval County, Florida.

I reviewed the subject draft Feasibility Study dated February 2001 (received February 19, 2001). The principal contaminants of concern are the pesticides alpha and beta-BHC in groundwater detected in a single well, MW-01S, in at least two sampling events. The draft FS provides a more than adequate range of remedy alternatives for the particular circumstances at this site. I suggest the document be considered final upon submittal of the responsible engineer's signature page and concurrence from U.S. EPA Region 4. If you have any questions, please call me at (850) 488-3935.
