RE: Annual Groundwater Monitoring Report - Year 2 for Operable Unit 10, Site 21, Naval Air Station Cecil Field, Florida.

Dear Mr. Davidson:

I have completed my review of the Annual Groundwater Monitoring Report - Year 2 for Operable Unit 10, Site 21, Naval Air Station Cecil Field, dated October 2004 (received October 15, 2004), prepared and submitted by Tetra Tech NUS, Inc. The document is suitable for its intended use and is approved as final. I concur with the recommendations to decrease the groundwater sampling frequency to annually and to add monitoring well CEF-P21-05S to the sampling program.

If you have any concerns regarding this letter, please contact me at (850)245-8997.

Sincerely,
