Dear Mr. Davidson:

I have reviewed the Source Removal Report, Excavation of PAH and TRPH Contaminated Soil, Former Railroad Bed, Building 98/Potential Source of Contamination 50, Naval Air Station Cecil Field, dated October 2001 (received October 19, 2001). The report adequately documents that the excavation and disposal of 326.45 tons of PAH and TRPH contaminated soil from the site was completed in accordance with the approved Dig and Haul plan. Upon receipt of signature pages certifying the information in the document, the report will be approved as final.

This electronic message is being sent in lieu of regular mail. If you have any questions concerning this review, please contact me at (850)921-9991.

Sincerely,
