RE: Confirmation Sampling Report, Revision 1 and Tank Closure Report, Tank 220, Building 220, Naval Air Station Cecil Field, Florida.

Dear Mr. Kizer:

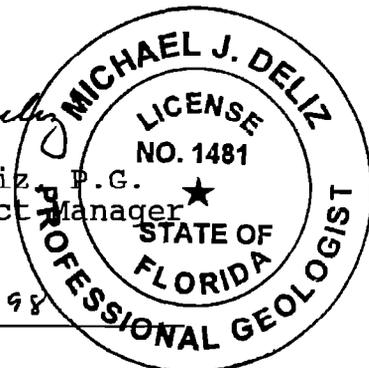

I have completed the technical review of the Confirmation Sampling Report, dated April 1998 (received November 14, 1997) and the Tank Closure Report dated May 1998 (received May 27, 1998) submitted for the above-referenced building. FDEP concurs with the recommendation of no further action and that a Site Assessment is not warranted under Chapters 62-770, Florida Administrative Code.

FDEP's concurrence is predicated on the information provided by the SOUTHNAVFACENGCOM. Therefore, any new information contradicting the basis for this concurrence, may require further investigation or remedial actions.

If you have any concerns regarding this letter, please contact me at (904) 921-9991.

Sincerely,

Michael J. Deliz
